

Loree Lund

What brought you here?

We came to Custer County to build an earthship. We needed open space and a clear view of sunny skies as well as building codes that would allow earthships. However, a few years ago we purchased a business from my parents and found we needed to be in town to operate the business, so we ended up moving into a building on Main Street and selling the earthship.

What motivated you to run for the Town Board?

As business owners, residents, and landlords in town, we have a lot of interest in what happens here. Also, being on the Town Board is new to me, and I am looking forward to learning a lot about how governance works and how things get done.

Describe one of your goals and objectives for Westcliffe.

I would really like to see better walking paths or sidewalks along some of the roads.

What challenges you most about being an elected of

I don't know yet. I just know that I have a lot to learn.

Name a random fact about yourself.

My husband claims his hobby is collecting hobbies. I've tried to get him to focus on two or three so that he could go deeper into them. Instead, I fear that he has turned me into a hobby collector as well. I dabble in pottery, blacksmithing, some simple jewelry, and I have collected way too many boxes and jars that I hope to turn into something interesting someday.

How do you like to spend your free time?

Other than the hobbies mentioned above, I enjoy working out and I am one of those weird people who is addicted to my Peloton.

What is the best way for your constituents to communicate with you?

Email or in person.
