

Cathy Snow

What brought you here?

I came here, 10 years ago, on a sight-seeing day trip with a friend, and was immediately overwhelmed with a sense that I needed to move here. That feeling is still as strong today as it was then.

What motivated you to run for the Town Board?

Two things – First, it was a way to give back to the community that has given me so much. Second, unlike larger communities, this community is small enough that every person who serves can have a direct and visible impact on the community. That is exciting – and a real responsibility.

Describe one of your goals and objectives for Westcliffe.

One would be to enhance and protect what we already have. Westcliffe has so many unique offerings – it very rare for a town our size to have a theater, 6 parks, a local radio station, historical offerings, a public telescope, multiple art galleries, and murals on every street! And then of course, there is the day and nighttime view!!.

What challenges you most about being an elected official?

I would say the main challenge is dealing with all the incorrect information that is often spread on social media.

Name a random fact about yourself.

I used to be quite the ballroom dancer!

How do you like to spend your free time?

I like to joke that my favorite free time activity seems to be volunteering. 😊.

What is the best way for your constituents to communicate with you?

Email is best, but I enjoy face-to-face connections too!

Email: cathy@townofwestcliffe.com

Term Expires: April 2024
